Read the others first, at least book 1 as it's really needed though the side novellas are great too but trust that you'll truly enjoy this one. Poets, we assume, are not popular-at least after or so. Hohengehren: Schneider Verlag.

Biological evolution is a fact whereas the psychological evolution is a process. This is not very appreciated. How we perceive stress can either exacerbate or minimize our physical responses, and so meditation affords us the opportunity to step back and zoom out, noticing how the mind feeds stress-inducing thoughts and storylines.
